Antitrust Policy

All project meetings are subject to the Linux Foundation Antitrust Policy.

The following topics must not be discussed:

- Price-sensitive information
- Actual or projected changes in production, output, capacity or inventories
- Matters relating to bids, prospective bids, or bid policies
- Matters relating to actual or potential individual suppliers that might influence the business conduct of firms toward such suppliers
- Matters relating to actual or potential customers that might have the effect of influencing the business conduct of firms toward such customers
- Current or projected costs of procurement, development or manufacture of any product
- Market shares for any product or for all products
- Confidential or otherwise sensitive business plans or strategy

If you have questions, please contact legal@finos.org

Events

June 26

London

The only conference dedicated to driving collaboration and innovation in financial services through open source software and standards.

We bring together experts across financial services, technology, and open source to engage our community in stimulating and thought-provoking conversations about how to best (and safely) leverage open source software to solve industry challenges.

Events

Sept 30 & Oct 1

New York Marriott
Marquis,
New York City

The only conference dedicated to driving collaboration and innovation in financial services through open source software and standards.

We bring together experts across financial services, technology, and open source to engage our community in stimulating and thought-provoking conversations about how to best (and safely) leverage open source software to solve industry challenges.

28 February

State Street,
20 Churchill Place,
London

Join FINOS at the CDM Showcase, where industry stakeholders converge to explore the latest advancements in the **Common Domain Model (CDM)**.

Discover the fully open-source CDM version 4.0.0, released in the summer of 2023, and engage in discussions on its applications, including collateral scheduling, legal master agreement mapping, regulatory reporting, and compatibility with different programming languages.

Events

29 February

Hilton Canary Wharf,
London

Now in its 13th year, TradingTech Summit London takes place on 29th February 2024 at Hilton London Canary Wharf and examines the latest changes and innovations in trading technology and explores how technology is being deployed to create an edge in sell side and buy side capital markets financial institutions

FSI HACKATHON FOR AUTISM

3-4 April 2024
Hybrid/NYC

[REGISTER](#)

Mission Statement:

Bring FSI developers together to demonstrate how innovative Microsoft technologies can transform autism services for profound autism by tackling real world use cases provided by families and creating lasting open-source projects for the community.
